My opinion regarding the entrusting of Printing Work to the Karnataka Publishing House has already been furnished in this office letter No.P.4006, dated 23rd April 1940. My further remarks on the specific items on which patronage is solicited by the Proprietc Karnataka Publishing House, in his letter, dated 5th Apr 1940 are furnished below:-

1), 2) and 3). The Periodicals of the Agricultural Department, [illegible] now being got done in private presses are not purely Government Publications. These works could perhaps be secured by the Karnataka Publishing House by modern business methods.

4) The capacity of the Karnataka Publishing House is well witnin five thousand rupees worth of work per annum as already submitted in this office letter referred to above.

5) The competitive tender system is being adopted by all Departments when Government work is entrusted to private agencies. It is a matter for Government to waive the adoption of such a system in any particular case. A reference made to the Karnataka Publishing House in November last regarding the question of rates for running contracts is pending with them.

6) There seems to be no difficulty in the proposal for obtaining supplies of paper from the Paper Mills provided the concerned Heads of Departments and the Paper Mills agree, with suitable safeguards, if necessary.

General

Dear Sir,

My dear & esteemed Sir,

I feel an explanation & apology is due from me for my not having gone & seen you in the office, as I was advised to do, in connexion with that application of mine for Govt's printing patronage for my press.

I have been getting an attack of giddiness & headache in the afternoons for the last 5 or 6 days.

I was having this trouble in the summer 3 years ago. It has re-appeared now – I am told – as a result of the weakness to which the system was reduced by my last illness. I had my blood etc. examined, and have been undergoing treatment. It is thus that I have not been able to move out of doors during the day for about a week now.

As soon as I am able to move about, I beg I may be permitted to seek the privilege of an interview in the office any day that may be convenient.

Meanwhile I rest contented that all that can be done to help me in my time of difficulty will be given your very kind and generous consideration.

With assurances of deep thankfulness & respect I remain,

Yours sincerely,

The Secretary to Government,

Government of Mysore,
Bangalore.

Sir;

We beg leave to submit the following representation in continuation of the one we laid before you on the 28th September 1939, seeking the patronage of Government Offices for our Printing Press.

In gracious response to this representation (of the 28th September 1939), Government were pleased, as communicated in your kind letter to us No.D.2173/147-39-87 dated the 23/28th October 1939, to authorise the Superintendent, Government Printing, "to entrust to the K.P.H. Press a considerable portion of Government Printing work".

We have, however, to bring to your kind notice that till now, we have received no patronage as a result of the above said kind Government Order though it was passed nearly six months ago.

We would also submit for your information the following statement of the value of orders, excluding small job orders, which we have received from Government Offices since the starting of our Press;-

Year	Total Value	Cost of paper binding material etc.	Net Printer's Bill
1938	Rs. 1,165-2-0	Rs. 655- 0- 0	Rs. 510- 2- 0
1939	Rs. 1,970-4-0	Rs. 1101-0- 0	Rs. 869- 4- 0

It will be seen that the greater part of our receipts goes to the benefit of the paper and ink merchants and other tradesmen, and that what properly goes to support the printing business is a smaller fraction.

Unless Government be pleased to give us succour in a very special measure at this time of trial, our lot is bound to be extremely hard.

6. That the following arrangement be sanctioned as regards paper necessary for the printing of any large orders sent by Government Departments:- Immediately on receipt of such an order, we send an indent for the estimated quantity of paper to the Mysore Paper Mills Co., Ltd. After satisfying themselves as to the authenticity of the order, the Company will send us the consignment of paper together with their bill. We submit that bill, together with our certificate as to our having received the paper according to our indent, to the Government Department concerned for adjustment. The Department may make the payment either direct to the Mysore Paper Mills Co.Ltd., or through us.

We would beg to assure Government that, with facilities afforded as above, we could guarantee the timely and satisfactory execution of all orders from Government Offices. We have a trained and diligent staff of workmen working under very careful supervision; and in every case, our service has so far given the utmost satisfaction to our customers.

An arrangement to ensure a steady flow of work on lines suggested above will be a great help to us both towards repaying our loan to Government and towards building up this business started under the beneficent auspices of Government and kept going by the encouragement so generously given by them.

My dear & esteemed Sir,

I beg to enclose with this a copy of the application I have submitted to the Development Secretary for printing work patronage from Govt. offices. It is on lines so kindly advised by you.

II The application makes no reference to the question of the Department of Public Instruction extending to me patronage of the special kind it has given to the Bangalore Press. For much over ten years, the Bangalore Press has been enjoying the

privilege, and the profit too of printing & selling some departmental text-books under a contract as to the royalty payable to Govt. etc. I think it not unfair for me to ask that a similar kindness be shown to me, of course subject to suitable conditions. Such a permanent form of help alone can put my business on a stable and durable basis. I shall submit a formal petition in this behalf after receiving your very kind advice.

The present is by no means the first instance of my seeking or taking favours at your hands. I am now at a stage of life and in circumstances in which, if I could not turn to you with confidence for succour, my position would be a most hopeless one indeed

With assurances of very deep and warm regard, I remain

GEN. & REV. DEPT.
24 APR. 1940
AGRI. & FOREST BRANCH.

SIR,

Referring to your letter No. A.F. 5251/P & S 88-39-2, dated 2nd April 1940 regarding a note presented to the Dewan by Mr. D.V. Gundappa of the Karnataka Publishing House Press directing to furnish an opinion on the request with information as to the capacity of the said press, I beg to state as below.—

The Karnataka Publishing House Press, Bangalore, as at present equipped is capable of an annual output of about four thousand rupees worth of printing (exclusive of the cost of paper etc.,). As per G.O. No.G 6448-512-P. & S. 67-38-1, dated 5th Jan. 1939, the printing work of all Government departments (including that of Educational Text Books and of the Insurance and Electrical departments) has to be done at the Government Presses. The printing work of the Industrial concerns under Government management has been permitted to be done at private printing offices as a measure of patronage. Further, as per G.O.No. A.F. 5035-40/P&S. 85-39-2 the printing work of the Electrical and Insurance departments has been permitted to be entrusted to private presses for the period ~~of~~ ending December 1941.

Work to the full capacity of the Karnataka Publishing House Press may be entrusted provided the press accepts to undertake all work on a competitive basis.

Regarding the entrusting of printing and selling of text books of the Director of Public Instruction, other than those already entrusted to the Bangalore Press, kind reference is invited to D.O. letter No. P.S.62 of 39-40 dated 19-7-1939 of the Director of Public Instruction addressed to Government in the General Department. He is of the opinion that from the experience of the department over a number of years it is found that there are no suitably equipped and run private presses who can be safely entrusted with this important and growing work of Text-book printing and publishing. It is seen from the records of the Government Book Depot that the Karnataka Publishing House Press has taken nearly 19 months since 4th May 1938 to print and supply 15,000 copies of Mysore Kaipidi part II, even though the cost of paper, nearly Rs. 2500-0-0, had been advanced by the Department. Similarly it has taken 9 months and 15 months for supplies of 4,000 copies each of Sasyasastra and Pranisastra. Moreover, Government have recently made arrangements to provide facilities for handling all text-book printing at the Government Press alone. Part of this equipment has already been received and is under erection and trial.

The University authorities are themselves arranging for their printing work, some work being entrusted to the Government Presses accoriing to their convenience. The request of Mr. D.V. Gundappa in respect of University printing may, perhaps, be referred to the University authorities.

I have the honour to be,
Sir,
Your most obedient servant,

SUPERINTENDENT. 23/4/40
